

Hanukkah Candles Go Out By Themselves

On Hanukkah, people light candles.

After the candles are lit, they stay lit.

Some people like to watch the candles burn.

It can be fun to watch the Hanukkah candles! As the candles burn, they get smaller...

...and smaller...

...and smaller...

...and smaller!

When the candles are very very small, they will go out by themselves. It can take about an hour for the candles to go out.

Some people like to watch the candles go out.

The Hanukkah candles go out by themselves!
