

Going to a Purim carnival can be fun! There are many games and activities at a Purim carnival.

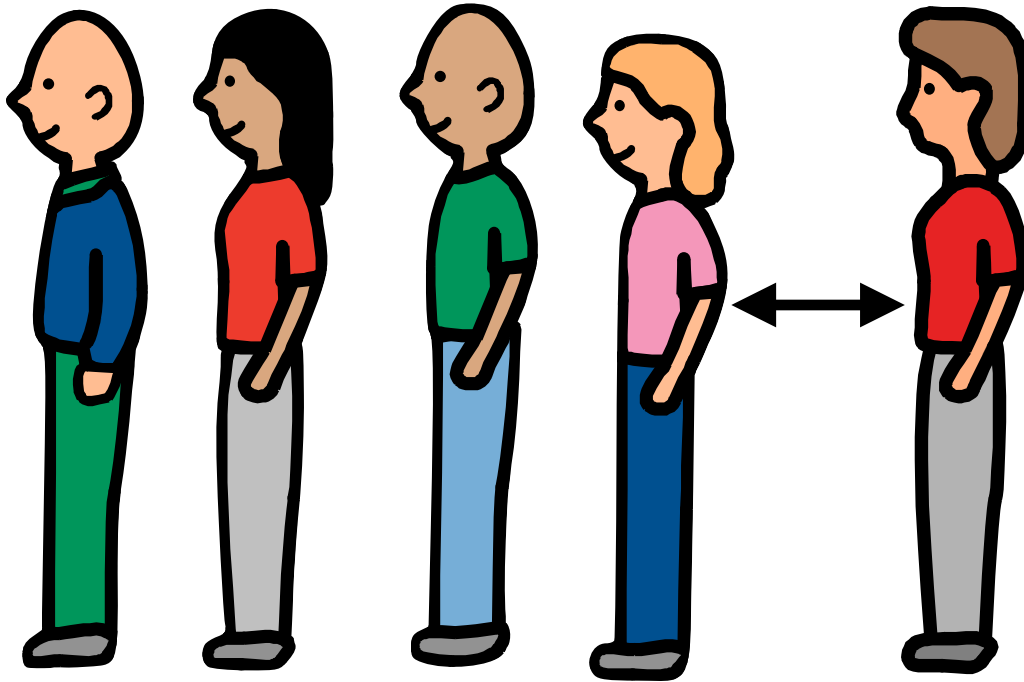

Sometimes more than one person wants to play the same game at the Purim carnival.

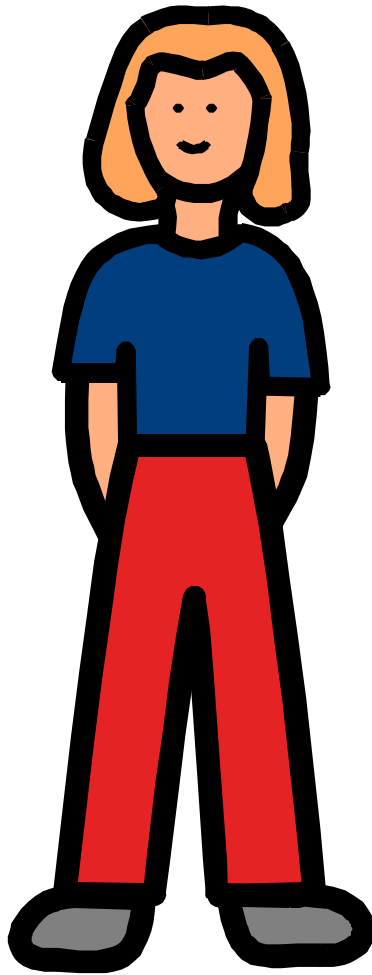

Then I have to wait for my turn.

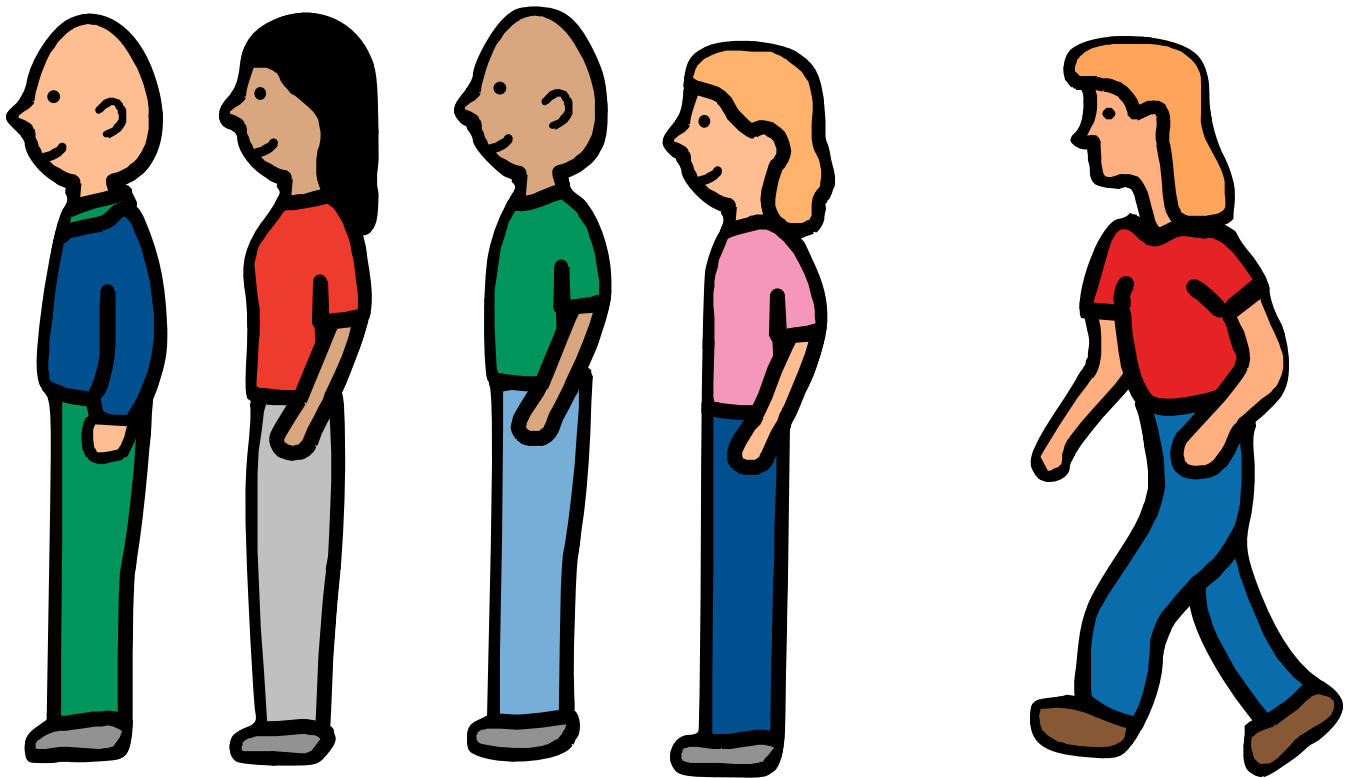

I wait for my turn by standing in line.

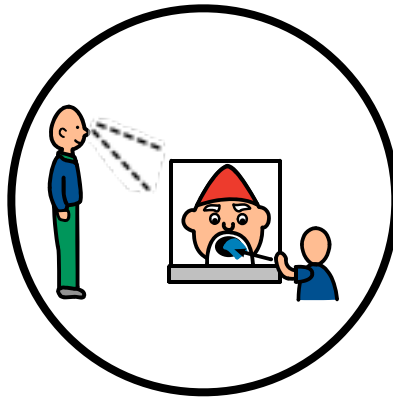

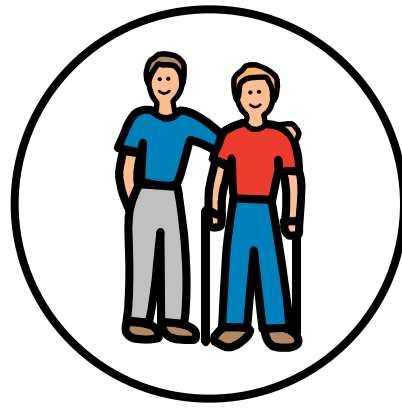

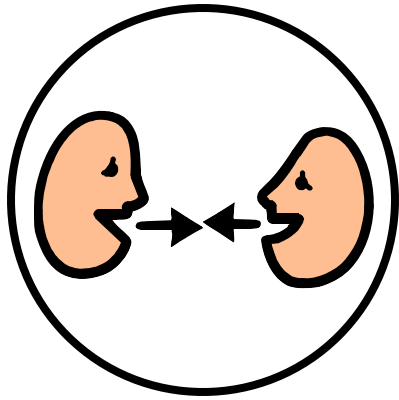

I stand behind the last person who is waiting.
I leave some space between myself and the
person in front of me.

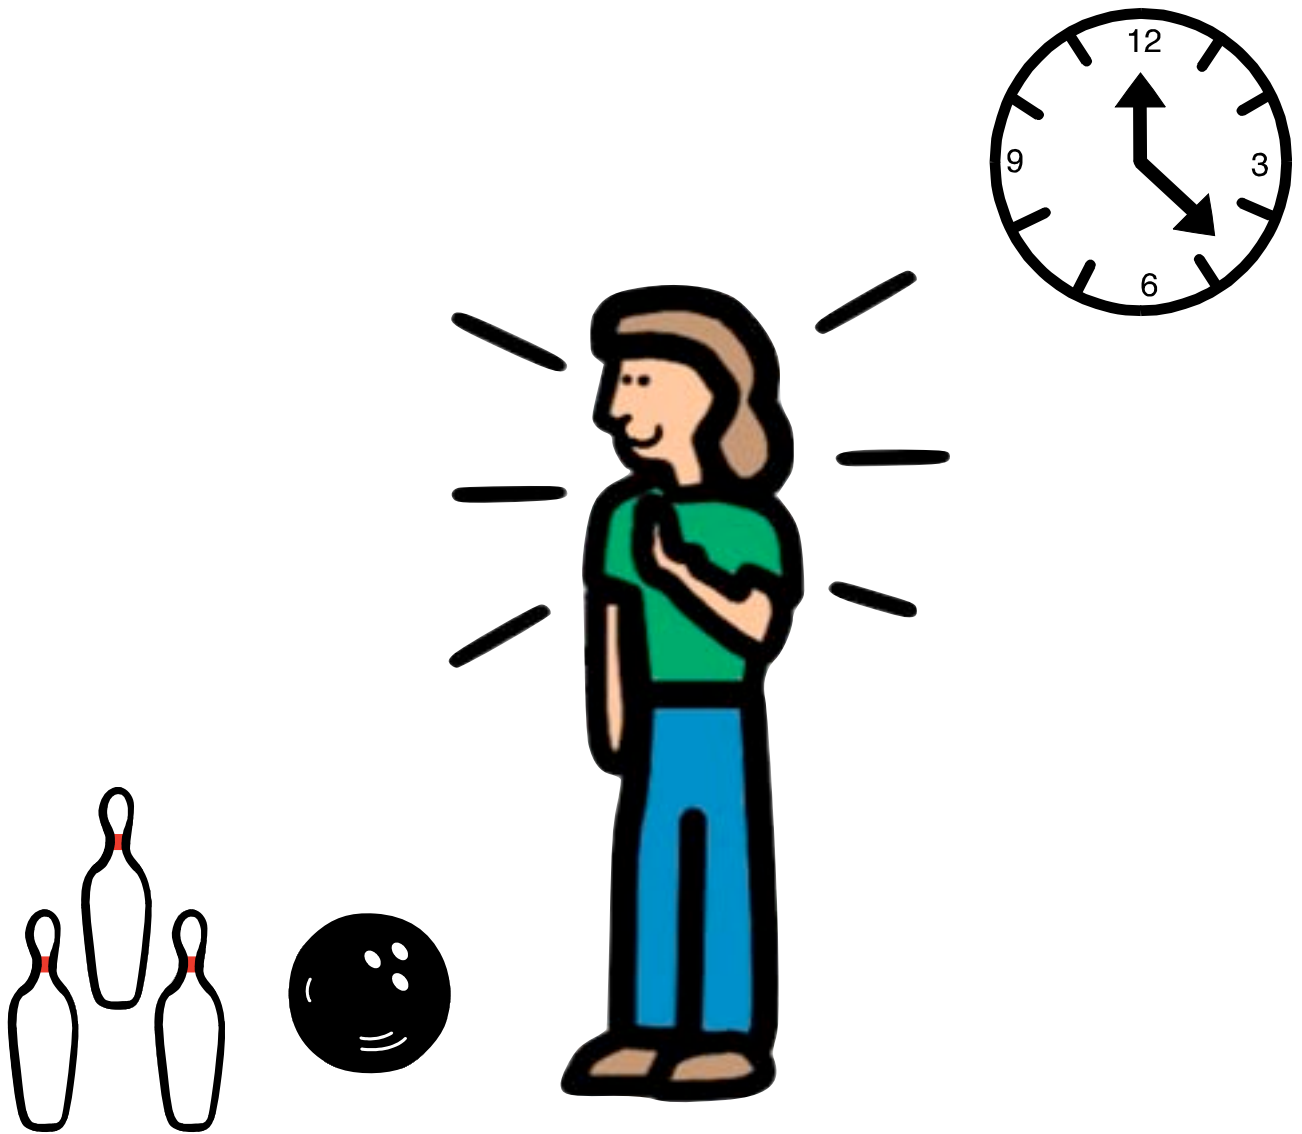

When I am in line, I try to stand still.

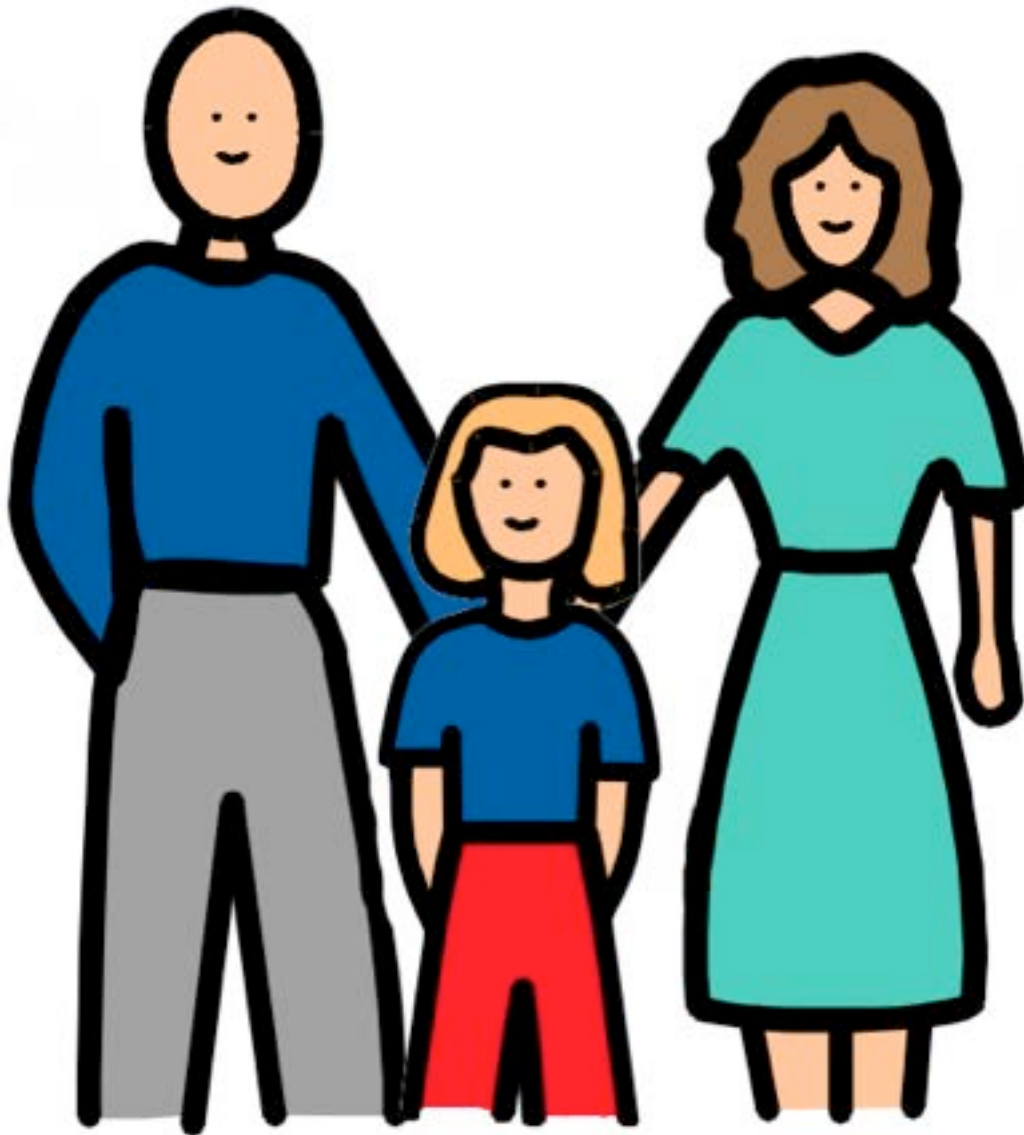

When someone finishes their turn, the line will move forward a little. Then I can take a small step forward.

While I am waiting in line I can talk to my parents, play quietly with a friend, or look around the room at all of the exciting things that are happening.

After I wait just a little while it will be my turn.

My parents and friends will be proud of me for waiting my turn.
