

## Gateways Jewish Education Programs 2023-2024

### **TAGG (Torah, Avodah, G'milut Chasadim at Gateways)**

**For Students ages 5-13**

Structured and individualized Jewish education classes with 1:1 support by a teen volunteer under the supervision of a highly qualified teacher. Classes are experiential and provide students with a strong foundation in both Hebrew and Jewish studies. This program is designed for students who are pre-b'nei mitzvah, and students who are participating in the mid-week B'nei Mitzvah program.  
*Offered on Sundays 9:30-11:00am*

### **B'nei Mitzvah Academy**

**For Students ages 11-14**

A two-year program that includes weekly individualized tutoring sessions, group classroom activities and t'fillot (prayer services). An on-site special educator customizes the lessons and Gateways staff collaborates with congregations throughout the b'nei mitzvah process.  
*Sunday class meets 9:30-11:00am*

### **Virtual Tutoring and T'fillah**

**For all students**

For students interested in individualized tutoring, either to supplement their participation in the Gateways Sunday B'nei Mitzvah Academy or another Congregational School program, or as a stand-alone experience, we offer mid-week tutoring and group t'fillah (prayer). This hybrid program is available for students attending remotely and in person, and provides students with the one-on-one tutoring, repetition, and practice they need in order to feel confident and successful.  
*Contact us for scheduling options.*

### **Mitzvah Mensches Learning Lab**

**For Students ages 13-18**

For students who are post-b'nei mitzvah, Mitzvah Mensches Learning Lab focuses on "social action through social interaction." With support from a 1:1 teen volunteer, students will explore themes of philanthropy and social justice while working in an inclusive class environment. Through a multisensory curriculum, students will engage in meaningful Jewish learning focusing on Jewish values, text, and prayer.  
*Offered on Sundays 12-1:30pm*

### Payment instructions

For your convenience, the four payment options from the enrollment and tuition contract are listed on the next page. We suggest that you make a note of which option you selected and retain it for your records.

### Policies

1. Gateways classes run on a school year basis, generally from September through May. Staffing decisions and other financial commitments are made for the entire school year. Therefore, partial-year enrollment is not available; enrollment in a class is a commitment to pay the class tuition for the entire school year.  
At the same time, Gateways recognizes that the population we serve is particularly subject to unpredictable circumstances. If an unforeseen situation arises during the school year and Gateways determines at its sole discretion that continued participation is not in the best interests of the family, then Gateways will determine a prorated tuition and refund the difference.
2. If space remains in a class and a new student enrolls after the start of the academic year, Gateways will determine a prorated tuition.
3. Tuition will not be reduced for student absences or class cancellations for reasons such as inclement weather.
4. A \$50 per student early enrollment discount is applied if enrollment is completed by June 23, 2023 in compliance with the instructions on the enrollment and tuition contract.
5. In the event of a withdrawal by July 31, 2023, Gateways will refund the total amount paid minus a \$50 administrative fee.
