Payment instructions

For your convenience, the four payment options from the enrollment and tuition contract are listed on the next page. We suggest that you make a note of which option you selected and retain it for your records.

Policies

1. Gateways classes run on a school year basis, generally from September through May. Staffing decisions and other financial commitments are made for the entire school year. Therefore, partial-year enrollment is not available; enrollment in a class is a commitment to pay the class tuition for the entire school year.
   At the same time, Gateways recognizes that the population we serve is particularly subject to unpredictable circumstances. If an unforeseen situation arises during the school year and Gateways determines at its sole discretion that continued participation is not in the best interests of the family, then Gateways will determine a prorated tuition and refund the difference.
2. If space remains in a class and a new student enrolls after the start of the academic year, Gateways will determine a prorated tuition.
3. Tuition will not be reduced for student absences or class cancellations for reasons such as inclement weather.
4. A $50 per student early enrollment discount is applied if enrollment is completed by June 30, 2026 in compliance with the instructions on the enrollment and tuition contract.
5. In the event of a withdrawal by July 31, 2026, Gateways will refund the total amount paid minus a $50 administrative fee.
